WATERVILLE.

An antiquarian supper was given at the home of Mr. J. H. B. Church, a quite large number were present and all seemed to enjoy themselves.
SOUTH WATERFORD.
If there were a few more evenings in the week I presume there would be more going on. As it is every evening appears to have its attraction in the shape of amusement for the young, and often for the older ones, as well, and we are obliged to go to plan that these gatherings should not conflict, for if they did, all would fall, owing to our limited means. As it is very pleasant social gatherings are the result.
The first genuine surprise party was held on Friday evening of last week, when the family of Eugene Nelson were the victims. Oyster supper and a general good time was enjoyed by all. The party was held at the home of Mrs. J. H. B. Church, a quite large number were present and all seemed to enjoy themselves.

GREENWOOD.
I see by the South Casses that the Lawyer Gay talks of buying a farm in the Spring. Mr. Gay could not look at C. B. Buck's in Greenwood, one of the best farms in Oxford County, and a good location with miles of W. Park, where there are two chair factories, but factory and other machinery. Will keep twenty cows and some other stock. Said farm is bordering on a beautiful lake for nearly half a mile, where there is plenty of pickering and trout in the tributaries.
Saturday morning, 20th, it thundered and lightning. Sabath School was held at the home of Mr. J. H. B. Church, a quite large number were present and all seemed to enjoy themselves.
WATERVILLE.
The third term of Alice Bryant's school closed the 11th with a very interesting exhibition, consisting of declamations, recitations and music. The scholars were all very well prepared, and all speak well of their teacher.
